OPTIMAL TRANSPORT AND APPLICATIONS

WORKSHOP

The workshop is the tenth edition of the traditional Pisa meeting, which started in 2001. It aims to collect the most recent contributions from leading researchers in Optimal Transport and its Applications and to give a comprehensive overview of the remarkable developments in this rapidly evolving field.

CONFIRMED SPEAKERS:

MATHIAS BEIGLBÖCK
Universität Wien

GUY BOUCHITTÉ
Université de Toulon

YANN BRENIER
CNRS, Université Paris-Saclay, Orsay

PIERRE CARDALIAGUET
Ceremade, Université Paris-Dauphine

GUILLAUME CARLIER
Ceremade, Université Paris-Dauphine

FABIO CAVALLETTI
SISSA, Trieste

LÉNAÏC CHIZAT
EPFL, Lausanne

CODINA COTAR
University College London

MARCO CUTURI
CREST - ENSAE, Institut Polytechnique
de Paris and Apple ML Research

GIACOMO DE PALMA
Università di Bologna

SIMONE DI MARINO
Università di Genova

MATTHIAS ERBAR
Universität Bielefeld

MAX FATHI
UFR de Mathématiques, Université de Paris

ALESSIO FIGALLI
ETH Zurich

WILFRID GANGBO
University of California, Berkeley

JAN MAAS
IST Austria

ROBERT MCCANN
University of Toronto

ANDREA MONDINO
Mathematical Institute, University of Oxford

GABRIEL PEYRÉ
DMA, École Normale Supérieure, Paris

ALESSIO PORRETTA
Università di Roma Tor Vergata

PHILIPPE RIGOLLET
MIT, Boston

FILIPPO SANTAMBROGIO
Université Claude Bernard - Lyon 1

KARL-THEODOR STURM
Universität Bonn

DARIO TREVISAN
Università di Pisa

ORGANIZING COMMITTEE:

Luigi Ambrosio
Scuola Normale Superiore di Pisa

Giuseppe Buttazzo
Università di Pisa

Nicola Gigli
SISSA SISSA, Trieste

Giuseppe Savaré
Università Bocconi di Milano
