ANOTHER PISAN WORKSHOP IN GEOMETRIC ANALYSIS

WORKSHOP

Aula Dini

Piazza del Castelletto
Scuola Normale Superiore
Pisa

ORGANIZING COMMITTEE:

Mattia Fogagnolo
Scuola Normale Superiore

Alessandra Pluda
Università di Pisa

INFO

Centro di Ricerca Matematica
Ennio De Giorgi
Palazzo Puteano
Piazza dei Cavalieri, 3 - PISA
crm@sns.it

This workshop is the second edition of “A Pisan Workshop in Geometric Analysis” and it will gather young and active researchers in Geometric Analysis. It aims at giving an overview of the present research on various aspects of this beautiful subject, with some special attention to the mathematical background and to the motivations. Early stage researchers are particularly encouraged to take part in this two-day, as there will also be various moments for questions and discussions.

CONFIRMED SPEAKERS:

LUCA BENATTI (Università degli Studi di Trento)

PAOLO BONICATTO (University of Warwick)

DAVIDE CARAZZATO (Scuola Normale Superiore)

ANNA KUBIN (Politecnico di Torino)

ALICE MARVEGGIO (Institute of Science and Technology Austria)

MARIO SANTILLI (Università degli Studi dell’Aquila)

MARIO SCHULZ (Universität Münster)

Web site: <http://www.crm.sns.it/event/502/>

REGISTRATION: Please note that for organizational purposes, registration is mandatory.
